Summary

I am Jhansi, currently in my second year of pursuing a Bachelor of Technology (B.Tech) degree. With a keen interest in artificial intelligence (AI) and machine learning (ML), I am committed to developing a strong foundation in these fields. Eager to contribute to the advancements in AI software, my academic journey has equipped me with the necessary skills in programming and data science.

Career Objective

My career objective is to become a proficient AI software and ML professional. I plan to complete my undergraduate studies by 2026 and, during this time, I aim to enhance my knowledge and skills in AI and ML through dedicated coursework, practical projects, and real-world applications. I aspire to leverage this expertise to contribute to cutting-edge technologies, solving complex problems, and making a significant impact in the field of artificial intelligence. My goal is to actively engage in the AI and ML community, stay updated on emerging trends, and pursue opportunities that allow me to innovate and excel in this rapidly evolving domain.
